INTRODUCTION

The Office of Training initiated a study for the DDCI concerning the Junior Officer Trainee Program and another for the Office of Personnel on OTR consultants. This summary reports also on the presentation of a new course entitled, "Covert Economic Action," the attendance of USAF personnel at a recent CIA Introduction Course, and the conclusion of a PP operations seminar.

JUNIOR OFFICER TRAINEE PROGRAM

A staff study was prepared for the DDCI proposing the utilization of the JOT Program to ensure the induction of highly qualified, properly trained individuals into the future intelligence-officer vacancies of DD/I and DD/P.

USE OF CONSULTANTS

A report has been prepared for the Office of Personnel on the use of OTR consultants for Fiscal Year 1956. Information received from the Director of Personnel indicates that OTR has one of the best Agency records in terms of utilization (actual use/estimated use) of its consultants.

DD/S TRAINING LIAISON OFFICERS

At the 23 August DD/S Training Liaison Officers' meeting, a query was made as to how many training officers sat on their Office career service boards. The response was unanimously negative. CTR believes that, if TLOs did sit on career service boards, a more direct coordination of annual training estimates to CTR and career planning could be accomplished. DD/I and DD/P training officers are either advisers to their respective career boards on training problems or, in some instances, sit as full voting members. DD/S training officers have been asked to raise this question with their respective Office heads.

PP OPERATIONS SEMINAR

A PP operations seminar was held during the week 15-19 August. This seminar reviewed the Clandestine Services' current programs and operational approaches in the field of [REDACTED] operations with a view to identifying such basic working principles and operating concepts as can be used for training purposes. The seminar produced several useful results in the form of general background conclusions concerning PP activities. These ideas and concepts will be worked into the content of pertinent Operations School courses.

Training Films

Arrangements have been made to have some of the regular OTR instructional films dubbed in Spanish in view of the number of Spanish-speaking groups who are scheduled, and are likely to be scheduled, for training in the future. This will entail no expense inasmuch as the films are laminated with a magnetic sound track.
